What Clients Say About Us

“I was close to losing my home and was constantly worried about not being able to provide for my young two girls. Impact Services assisted me into work by linking in with my employer, Capitol Transport.

Impact Services assisted with the cost of the first weeks hire of a truck and liaised with my employer to get me guaranteed hours. I now work 6 days a week and life is back to normal!

I am so grateful for all the assistance and support Impact Services provided to me.”

-Steve (60 years old)

“Impact Services has been a great support throughout my traineeship. I am grateful for the opportunity they have given me and the support has been there for me whenever I needed it.

The help and support from Impact Services have made my experience enjoyable.”

-Holly (Impact Traineeship 16 yrs old)

“We engaged with Impact Services, initially as their core values and attitudes aligned with ours. Little did we know we would receive some of the best services ever.

The ongoing support that one would usually find in a workplace mentor has been beyond expectation. Listening to our, now, employees have multiple avenues of support that includes Impact Services has been fantastic.

Our new employees have a complete 360-degree support system thanks to Impact Services.

We cannot recommend them highly enough and look forward to multiple future endeavours with them.”
