Impact can find you work and help you to find jobs that suit you

We are a majority owned Aboriginal company led by Stuart Roberts, a proud Aboriginal man with family and cultural ties to the Wagyl Kaip, Whadjuk (Noongar), and Pilbara (Yindjibarndi) traditional owner groups.

His vision is to provide a service that enables employment opportunities to all people delivered in a culturally safe and inclusive environment.

“Impact Services is an organisation that is passionate about creating equality and success, and strives to empower our clients and their communities as if they were our own.”

-Stuart Roberts Director, Impact Services

- 👣 Trecca/Ventia
- 👣 Densford Civil

What Clients Say About Us

“I have been more than just pleased with the services provided by Impact Services. Having committed and capable staff – in both the cleaners, the gardeners, and the temp labour hire officers and in your contract management team – has eased my burden of concerns considerably these last few years.

IT HAS BEEN WONDERFUL. Thank you for being one area of work that has not contributed to more gray hair on my head!”

-Kristen Fleming, Main Roads WA

“Impact Services was able to quickly and successfully source labour each time they were engaged. The staff provided were all qualified and experienced for the positions requested and we had no turnover of staff on the project. We look forward to engaging Impact Services again on future works.”

-Lachlan Wenham, Densford Civil

“We engaged with Impact Services, initially as their core values and attitudes aligned with ours. Little did we know we would receive some of the best services ever.

The ongoing support that one would usually find in a workplace mentor has been beyond expectation. Listening to our, now, employees have multiple avenues of support that includes Impact Services has been fantastic.

Our new employees have a complete 360-degree support system thanks to Impact Services. We cannot recommend them highly enough and look forward to multiple future endeavours with them.”

-Trecca (First Nations Employment – A Ventia Initiative)
-Amber Newman (Indigenous Participation Manager)
